6. The Chapter Website

After discussion on the Club Page about revamping the website- the members decided that the website could be made active again with the following criteria; ALL postings have to be sent to the Webmaster and checked for authenticity. Then each month the Website will be discussed at the monthly meetings and any posts that give cause for concern will be taken down. Discussion followed on the URL as www.gyrosaway.com as this URL has to be known before it can be explored by newcomers. The Secretary was instructed to investigate a new URL name. The meeting expressed gratitude for the services of the Webmaster.

All those members present were fully up to date, and most were responsible for the current updates on the Chapters current machines.
